INDEPENDENT AUDITOR'S REPORT

Board of Directors
New Designs Charter School – Watts
Los Angeles, California

Report on the Financial Statements

I have audited the accompanying financial statements of New Designs Charter School – Watts (a nonprofit organization), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses, and cash flows for the fiscal year ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Auditor's Responsibility (Continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluation the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of New Designs Charter School – Watts as of June 30, 2018, and the changes in its net assets and its cash flows for the fiscal year ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

My audit was conducted for the purpose of forming an opinion on the financial statements of New Designs Charter School – Watts taken as a whole. The supplementary information listed in the table of contents (Organization, Schedule of Average Daily Attendance, Schedule of Instructional Time, and the Statement of Functional Expenses), is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated December 7, 2018 on my consideration of the New Designs Charter School – Watts’ internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, grant agreement and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter’s internal control over financial reporting and compliance.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as applicable to not-for-profit organizations. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported on the financial statements. The Organization maintains its financial records using the accrual method of accounting under which income is recognized when earned and expenses are recognized when the obligation is incurred.

B. Basis of Presentation

The Organization, in accordance with Accounting Standards Codification (ASC) 958-205, Not-For-Profit Entities – Presentation of Financial Statements, is required to report information regarding its financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As of June 30, 2018, the Organization does not have any temporarily restricted net assets or permanently restricted net assets. It is also required to present a statement of cash flows.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Fixed Assets

Fixed assets are recorded at cost and depreciated under the straight-line method over their estimated useful lives. Repair and maintenance costs, which do not extend the useful lives of the asset, are charged to expense. The cost of assets sold or retired and related amounts of accumulated depreciation are eliminated from the accounts in the year of disposal, and any resulting gain or loss is included in the earnings. Management has elected to capitalize and depreciate all assets costing \$ 5,000 or more; all other assets are charged to expense in the year incurred. For additional information, see Note 10.

E. Deferred Revenue

Deferred revenue represents federal and state contract funds received, but not expended. These funds must be expended in accordance with the provisions of the contract to which they apply or refunded if not expended under the terms of the contract. The Organization has deferred revenue at June 30, 2018 of \$ 210,134.

F. Income Taxes

The Organization is exempt from income taxes under Internal Revenue Code Section (IRC §) 501(c) (3). It is, however, subject to income taxes from activities unrelated to its tax-exempt purpose.

G. Functional Allocation of Expenses

The costs of providing the program services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services based on employees' time incurred and management's estimates of the usage of resources.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
New Designs Charter School – Watts
Los Angeles, California

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of New Designs Charter School – Watts (a nonprofit organization), which comprise the statement of financial position as of June 30, 2018; and the related statements of activities and cash flows for the fiscal year ended, and the related notes to the financial statements, and have issued our report thereon dated December 7, 2018.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered New Designs Charter School – Watts' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of New Designs Charter School – Watts' internal control. Accordingly, I do not express an opinion on the effectiveness of New Designs Charter School – Watts' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Internal Control over Financial Reporting (Continued)

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during my audit, I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the New Designs Charter School – Watts' financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
